## SOAPBOX

**VK1DA:** Location at Mt Cowangerong, the Captains Flat weather radar site. All equipment operated on battery power, SOTA compliant.

**VK2QJ:** The Pinnacles QG60Ik. Conditions poor with limited portable stations. Some good contacts made.

**VK2R:** Operated from Mt Banks (SOTA VK2/CT-032) 1060m ASL in the Blue Mountains National Park (VKFF-0041). Antenna was a 3-element tape measure beam for 2m, ZS6BKW for 6m and collinear whip for 70cm. An Elecraft KX3 was used with a 40W amp for 2m, barefoot for 6m. Yaesu VX8R was used for 70cm. Weather was sunny through the day. There was less activity than expected and no lifts observed.

**VK3ARD:** 10 Watts. Thanks all for enjoyable day.

**VK3SGL:** Mt Tassie lookout. Late start, But a great field day. Thanks to all that participated.

**VK5OQ:** At Willison Road Hillbank. Rubbish weather again. So many things went wrong I lost count.

**VK6KCH:** Sunday morning operation was mainly just to provide some more contacts for the proper portable field stations.

**VK7KPC:** Good contest. Tried to activate more than 2 squares for Rover entry, but no contacts from QE39.

**VK7ZBX:** Portable on the side of Mt Wellington. Had a great day. Worked into VK3 on 2m & 70cm. Thanks to all that played a part and the organisers, etc.

**VL5A:** VK5ZD operating as VL5A.
