SOAPBOX

VJ3E Operator VK3UKW Radio IC-7000 (50W on VHF), Antenna: Arrow II 146-4 VHF Yagi

VK1AD Operating portable from Mt Stromlo in the ACT.

VK1KW unfortunately the number of contacts are very limited to home stations in VK1 compared to Melbourne and Sydney.

VK2EZF Thank you to everyone involved in organising this contest. I have a challenge getting VHF/UHF antennas up at this qth so am only recently QRV on 6m. Running 10 watts to a flowerpot style vertical dipole hung in a tree. Great to work the VK7s. Looking forward to the next one. I hope to have 2m and 70cm

VK2SRC Great weekend doing what we love. Some good long distance microwave contacts. Weather held up our end with very little rain. A limited number of VK4 station due to weather conditions.

VK2YW More good fun and openings on 6m!

VK3ER Good conditions to VK7 across Bass Strait also good opening to VK5 on Sunday morning, but not much activity from VK5

VK3LOL All QRP Icom IC-705

VK3MRG Yaesu FT-710: TX power 100W Antenna: 6 Metre half-wave inverted V

VK6KQ Quiet weekend - not many contestants on air! Very hot weather!

VK7HXT 8 hours using TYT MD9600 base radio, Motorola DM3400 (2m only) base radio in the car and a Ailunce HD1 handheld radio.

VK7ID My first 6m phone DX, much fun! Good fun, should have taken better antenna for 6m SSB freqs. Heard many on vertical but could only work 1 of them. Plenty of VK2s and a couple of VK4s on 6m while the band was open.

VK7OO Plenty of VK2s and a couple of VK4s on 6m while the band was open. Good fun.

VK7TW Great 6m opening in the middle of the day. Even a SSB contact into Fiji - pity it doesn't count! Thanks to all involved. 73, Justin,

VK7WN To the benefit of myself and everybody I made contact with, I shall submit this log before the cutoff. HiHi 73 2m - 70cm only. Portable. North Bruny Island
